MANDAN POLICE DEPARTMENT
OFFENDER NOTIFICATION FORM 10/14

MANDAN POLICE DEPARTMENT

FACT SHEET
NOTIFICATION OF RELEASE IN NORTH DAKOTA

ASSIGNED RISK LEVEL

High

The Mandan Police Department is releasing the following information pursuant to ND Century Code 12.1-32-15. This law requires law enforcement agencies to disclose to the public relevant and necessary registration information when a sexual offender registered under this section is a public risk and disclosure of the registration is necessary for public protection.

The individual who appears on this notification has pled guilty or been found guilty of a crime against a child or an attempted crime against a child **or** has pled guilty or been found guilty of a sex offense and is required to register as a sex offender per the above statute.

The offender is **not wanted by the police** at this time and **has served the sentence** imposed by the court. This notification is not intended to increase fear in the community. It is the belief of the Mandan Police Department that an informed public is a safer public.

The Mandan Police Department, the supervising release agent, not the North Dakota Department of Corrections may not choose where the offender chooses to reside, nor can these agencies direct where he works or goes to school. The risk level of the offender has been determined largely on the potential to re-offend based on previous criminal behavior.

Convicted sex offenders have always been released to live in our communities, but it was not until passage of the above statutory requirement that law enforcement had an ability to know the residence or track their moves after their initial release. Since the passage of the statute, law enforcement may share information about many of these offenders with the public. Abuse of this information to threaten, harass, or intimidate offenders may be a crime and will not be tolerated. Such abuse could potentially end the ability of law enforcement to do these notifications. The only person who wins if the community notification ends is the sex offender since many of these offenders derive their power from the opportunity that secrecy provides them.
